KEVIN MONTEZA

LARAVEL DEVELOPER

PROFESSIONAL SUMMARY

A Laravel Developer with more than 4 years of quality PHP development experience. Skilled at creating applications with PHP web framework such as Laravel. Knowledgeable in developing user interfaces with HTML, CSS and JavaScript and understanding of MySQL. Proven team player when working with co-developers.

SKILLS & ABILITIES

PHP, Laravel, Sail, Docker, PHPUnit, Livewire, InertiaJS, GitLab, Bitbucket, CI/CD (BB Pipeline), MySQL, jQuery, VueJS, ReactJS, Firebase, Bootstrap, TailwindCSS, Node, OOP, SOLID Principle

PORTFOLIO

[Web Cosme - My Web Portfolio](#)

PROFESSIONAL EXPERIENCE

LARAVEL DEVELOPER | VANANAZ TECHNOLOGIES
PHILIPPINES - WFH

02-2023 - Present

- Collaborated with project managers (PMs), quality assurance (QA) business analysts, designers, and development engineers to produce various project specifications, ensuring clear understanding and alignment among team members.
- Contributed to the development of Laravel-based, node and react web applications, implementing features and functionalities as per project requirements and technical specifications.
- Participated in the full software development lifecycle, from initial planning and requirements gathering to deployment and maintenance, ensuring timely delivery of high-quality solutions.
- Conducted code reviews and provided constructive feedback to team members, fostering a culture of continuous improvement and adherence to best practices.
- Actively involved in troubleshooting and debugging issues, identifying root causes, and implementing effective solutions to enhance application performance and stability.

- Maintained clear and concise documentation for developed features, APIs, and system architecture, facilitating seamless knowledge transfer and onboarding for new team members.
-

FULLSTACK WEB DEVELOPER | EXPADIGITAL
PHILIPPINES - WFH

04-2021 - 02-2023

- Developed CRM web-based applications which processed, analyzed, and rendered data visually.
 - Maximized applications' efficiency, data quality, scope, operability, and flexibility.
 - Used various ideas from distributed computing, user design, real-time data processing, data storage to solve challenging dataset problems.
 - Managed, optimized, and updated databases as necessary using SQL.
 - Developed app integration with REST and other APIs for Google Maps, Cloud Storage, payment processors, and other services.
 - Deploying with CI/CD platform and build automation (Bitbucket Pipeline)
 - Creating unit and feature testing to verify the usability of the code across multiple devices.
-

JR. PHP DEVELOPER | FLEXION TECHNOLOGY
MAKATI, PHILIPPINES - WFH

06-2019 - 04-2021

- Collaborated with Team leaders, representing web team to establish project goals, projections, and milestones.
- Employed coding practices based on commonly accepted standards to establish site layout and user interface.
- Pulled from PHP, SQL, JavaScript, and other back-end library knowledge to bolster programming resources.
- Developed and implemented performance improvement strategies and plans to promote continuous improvement.
- Coordinated with project management staff on database development timelines and project scope.
- Collaborated on all stages of systems development lifecycle, from requirement gathering to production releases.

ICT STAFF | TERUMO PHILIPPINES CORPORATION
STA. ROSA LAGUNA, PHILIPPINES

07-2018 - 05-2019

- Managed quality assurance program, including on-site evaluations, internal audits and customer surveys.
 - Led risk assessment meetings, offering input on assessments such as system impact, component criticality, data integrity and other factors.
 - Analyzed pre-release software titles for compliance with User Requirement Specifications (URS), referring any deficits to appropriate personnel.
-

- Collaborated on Standard Operating Procedure (SOP) development, incorporating input from Software developer team to reduce liability and enhance successful deployments.
 - Trained and assisted by supervisors in validation techniques, methods and testing processes.
 - Developed validation master plans, process flow diagrams and standard operating procedures.
-

EDUCATION **LAGUNA UNIVERSITY**
06-2018

Sta. Cruz Laguna
Bachelor of Science in Information Technology

MASICO NATIONAL HIGH SCHOOL
Pila, Laguna
